ABOUT ME

I have recently completed my Master's degree and am eager to pursue my Ph.D. in Life Sciences at TMH. As I embark on this journey, I would like to share my knowledge and contribute to the students in your institute. I am looking for a platform which will help me gain more experience and where my teaching skill and knowledge will benefit.

WORK EXPERIENCE

Educator Of science

(2016-2024)
In Institutes such as,
• Vision Academy
• Agarwal's Academy
• Manoj Academy
• Lords Tutorials

(2023- 2024)
Research & Review Paper

- Conducted research on synthetic tooth care vs. natural tooth care and formulated an organic toothpowder.
- Review paper based on the Role of algae in Plastic Biodegradation.
- Presented both papers at the Blue Voyage International Conference at Mithibai College and submitted the papers in Web of Science.

Interested Research Area

- Cancer Biology
- Cell and Tumour Biology
- Cellular and Molecular Biology
- Immunology
